

FACILITIES

Apple English Medium School recognizes that a major concern to all students and parents is the availability and quality of accommodation and other facilities. The School provides following facilities to the students.

Transport:

In order to avoid difficulty for the students to reach from far-flung areas, the School provides the facilities of transportation from every nook and corner of the area either Urban or Rural.

CCTV Cameras:

At Apple English Medium School, safety and security of the students and staff is of high priority. So we have installed CCTV cameras into the classrooms, lobby, stairs,

ground and gates. We actively monitor of behavior of all involved in Apple English Medium School School.

Computer Lab

Computer Science is taught as a compulsory subject that spans over the all level. Our Computer Lab is equipped with 40 computers and is open to all students from Grade 1 to Grade 8. All computers have access to applications for word processing, spreadsheets, presentations, databases, and programming in a variety of languages like LOGO, BASIC, HTML, C and C++. The computers are equipped with network access to allow students to explore the Internet. There are a variety of specialized educational programs also installed in the computers. Students may work in the lab on subject-related projects, under the supervision of respective subject teachers.

Science Lab

School has a spacious big Science Laboratory designed with the latest features and equipped with all apparatus and instruments. The area of this laboratory is approx.750 sq.ft and can comfortably accommodate more than 30 students at a given time.
